We are seeking a qualified and experienced mental health nurse to join our team. The successful candidate will work with individuals who are experiencing mental health issues, including depression, anxiety, and psychosis. Ideal candidates will have a passion for helping people and will be committed to providing high-quality care.

Responsibilities:

- Conduct assessments of patients' mental health needs
- Develop and implement care plans
- Administer medication and monitor its effectiveness
- Provide counselling and support to patients and their families
- Liaise with other healthcare professionals, such as psychiatrists and social workers
- Maintain accurate and up-to-date patient records
- Participate in ongoing training and development

Requirements:

- A degree or diploma equivalent in nursing
- A valid nursing registration
- Experience in mental health nursing
- Excellent communication skills
- Ability to work in a team environment
- Strong problem-solving skills
- Ability to work under pressure
- A commitment to delivering high-quality care

Benefits:

- Competitive salary
- Comprehensive benefits package
- Opportunities for career progression
- Ongoing training and development
- Positive and supportive work environment
- Comprehensive benefits package
- Opportunities for career progression
- Ongoing training and development
- Positive and supportive work environment

If you are passionate about mental health nursing and want to make a positive difference in the lives of others, we encourage you to apply for this exciting opportunity.
